Good Morning,

Are we still on schedule for March 16?

Lance, we are expecting to have the report to you NLT March 16. We are still awaiting some documents from Delaware and getting it done early by the end of the month is not feasible as we had hoped.

Ok. Let me know when you have something. I need to give an update today.

Thanks.

Lance:

I expect Kim in later this morning as her son's school has a late opening today. She probably can better answer your question than I. I do know we are still waiting on certified documents ordered from Delaware, Ohio and the SEC.

Louise,

Do you have an update on the Wilcox report and a firm date for completion?
